# Why?

- Access to peer-reviewed, quality-assured, 'engaging' learning materials that encourage independent learning and can be used to support flexible learning in class, labs or at a distance
- In-house teams can be lacking in skills
  - Instructional design & knowledge of accessibility issues
  - Access to examples of 'good practice'
  - Resource description

# Why?

- To be able to be shared, materials need to be 'attractive' to the end-user
  - 'Asset' description – assisting in resource discovery
    - Learning object
    - Pedagogical asset
    - Technical asset
  - In terms of their context
  - Ease of re-use or ability to be re-purposed
